Meals for participants: The location of the event is surrounded by many restaurants that serve the whole university community and can be a good choice for the meals. An alternative is to use an special space on the Center where the event will take place and to hire a Buffet that can serve the two meals everyday. This last alternative may well be the best option and lower cost even with a great food.

2) PROGRAM FOR THE GA-2017

The overall program will be organized by the presidency of IUPAP with the addition of a few suggested events together.

Special EVENT - Together with the event on 2017 we will put together an Workshop about "*New Challenges in pure and applied physics*" where the speakers will be part of the delegates participating on the General Assembly. The event will take place on the first day and half of the General Assembly meeting. The main audience for the workshop will be scientists and students from Brazil and neighbor countries. That will be an opportunity to promote beyond the administrative business meeting when a large number of experts get together in the General Assembly.

LAUNCHING OF THE VIDEO COLLECTION ON THE YOUTUB - " THE SCIENCE BEYHOND FUNDAMENTAL CONSTANTS AND UNITS" - An special video collection presently in production by W. Phillips, V. Bagnato and others showing the science evolution that follow the determination of fundamental constants of physics

as well as the establishment of the unit system will be launched during the GA-2017 meeting .

3) **BROADCAST OF THE MEETING BY INTERNET** - If approved by the IUPAP general administration the main meeting of the GA-2017 will be broadcasted by internet in an special channel of the ep-TV and will be able to be followed by other Unions as well for the general scientific community.

4) **SUPPORTING FROM THE BRAZILIAN PHYSICS SOCIETY** - The Brazilian Physics Society - SBF will support the meeting , helping with the local organization, advertizing the workshop as well as providing conditions to make IUPAC a well knowing Institution within the Latin America .
